

**MUSIC, CONCENTRATION—COMMERCIAL MUSIC-TECHNOLOGY ACADEMIC MAP:
DEGREE BS (120 CREDIT HOURS)**

This degree map is a semester-by-semester sample course schedule for students majoring in **Music with a concentration in Commercial Music-Technology**. The milestones listed to the right of each semester are designed to keep a student on track to graduate in four years. The schedule serves as a general guideline to help build a full schedule each semester. Milestones are courses and special requirements necessary for timely progress to complete a major. When one or more milestones are missed, students should consult with an academic advisor to determine if another degree path would be more suitable.

Commercial Music majors are expected to complete 41 hours of general education classes, 36 hours in the music core, 35 hours in the Commercial Music concentration, and 18 hours in the emphasis. Students must have a “C” or above in music courses. All music majors are expected to have a working ability on the piano. Those students who do not have piano abilities will complete up to four semesters of sequential Proficiency Piano courses. Students will declare a primary instrument and enroll in private student for seven semesters. During the seventh semester students are eligible to present their senior recital. In tandem with the private applied studies is the seminar class. Once each semester students have an opportunity to perform for their peers, the literature they are studying with their applied teacher. First semester and transfer students will take a music theory placement test to determine their theory placement. Students not prepared for Theory I will enroll in Materials of Music and Materials of Music Lab. Commercial Music students are required to complete seven semesters of Commercial Music Ensemble. The Commercial Music Ensembles perform a variety of musical genres and perform at campus events, local school, civic events, and other venues as they become available. Commercial Music students also participate in an internship experience. The internships provides the students a opportunity to work in an area of their interest.

Tennessee State University recognizes that students have diverse learning, life, and professional experiences. The University provides opportunities for students to earn college credit toward the degree through a number of assessment options that evaluate their learning experiences. These paths are grouped under the category “Prior Learning Assessment” (PLA). Various means of earning PLA credit at TSU are the following: Advanced Placement Program, American Council of Education (ACE) Military Credit, College Level Exam Program (CLEP), DSST Credit by Examination Program (includes DANTES Examination), Institutional Course Challenge Exams (Departmental Exams), International Baccalaureate Credit, Other Military Service, Portfolio Assessment. To learn more about PLA contact your academic advisor or the Office of Student Support Services for Adult and Distance Learners at (615) 963-7001 or adultstudentsupport@tnstate.edu.
