Fall 2025 Continuing, New Transfer, and Re-admitted Students Move-in Information

Fall 2025 Move-in for Continuing, New Transfers, and Re-admitted students will take place August 15-17, 2025 by appointment only. The Move-in Appointment Scheduler is accessed through the myTSU Housing Portal. The scheduler opened July 15, 2025 and will close August 14, 2025 at 6:00 p.m. There is a limit on how many people can select for each move-in time slot. For example, only one roommate can confirm the same time slot for a given room and only

two suitemates can confirm the same time slot for a given 4-person suite. If you are approved to arrive to campus early because of your affiliation with Athletics, Band, Resident Assistant, Levi Watkins, etc., and will already be moved into your room prior to August 15th, please do not make an appointment because it unnecessarily takes up a time slot for someone who needs it. When you confirm your move-in appointment, you will receive an email with the confirmed date and time. Further information on making and changing a move-in appointment is provided when the student accesses the Move-in appointment scheduler.

Additional Move-In Information for All

If you are running late and will not make it by your scheduled move-in time, whether moving in by floor for first-time freshmen or by moving in by appointment for others, then reach out to notify your Residence Director so that you will not be counted as a No Show. Contact information for the residence halls is on our webpage at <http://www.tnstate.edu/housing> "Contact Us". Students registered with Disability Services will have to contact that department at DisabilityServices@tnstate.edu to request special arrangements at least two (2) days prior to their move-in date. All early arrivals must receive permission from the University and notify Residence life to set up move-in schedules.

Health and Safety Measures:

- Reduced crowding - Students are encouraged to come in one vehicle due to limited parking and to minimize traffic entering campus.
- Health Services will be available to assist if needed.
- Shelter areas- Emergency Management will send updates to ensure proper communication of when and where to seek shelter if there is severe weather. In the event of rain, tents and the pavilion at the Gentry Center will be utilized for cover.

Traffic Logistics for August 12th & 13th
