Comments

- The information she supplied was very helpful to me
- I would have handouts to show the students exactly how to do things
- It could have been clearer and overall easier to follow
- It was a lot of information and it was given to me too quickly

- A lot of the presentation should have been more hands-on so that the students could be more involved and more aware of the information given, as well as getting to remember the information
- Great presentation
- Mrs. Etheridge was a good instructor [but] she was talking too fast for me
