

B.S. Arts and Sciences: Child Development and Learning

ELEMENTARY EDUCATION – TEACHER CERTIFICATION FOR GRADES K--5

ACADEMIC MAP: DEGREE BS (121 CREDIT HOURS)

This degree map is a semester-by-semester sample course schedule for a student majoring in Arts and Sciences: Child Development and Learning with **Elementary Education certification (Grade K--5)**. The milestones listed to the right of each semester are designed to keep a student on track to graduate in four years. The schedule serves as a general guideline to help build a full schedule each semester. Milestones are courses and special requirements necessary for timely progress to complete a major. When one or more milestones are missed, a student should consult with an academic advisor to determine if another degree path would be more suitable.

The Elementary Education program of study leads to the bachelor's degree and eligibility for certification as a teacher of grades K--5 in Tennessee schools. The professional education courses are CAEP accredited thus making graduates from the program eligible for certification in states beyond Tennessee. Candidates will study classroom management, teaching methodologies in elementary subject areas, assessment and intervention strategies, and how to work with diverse student populations including exceptional students. Candidates will have a field experience four semesters in local public schools. At the beginning of the senior year, the office of Teacher Education and Student Services conducts an orientation session where candidates are and provided a Student Teaching Handbook. In semesters 7 and 8, the candidate will participate in a one-year clinical residency student teaching program. Pre-service teachers are paired with an in-service mentor teacher where a co-teaching model is practiced. Also, the pre-service teacher will be observed and guided by a master clinician several times in each semester.

This map is a semester by semester course schedule that should be followed. If course sequence and milestones are not followed, then the degree completion, teacher certification, and graduation are lengthened beyond the four-year schedule presented here. The student is encouraged to stay on track with the liberal studies and elective courses. Milestones are courses and special requirements necessary for timely progression to complete the major. If a milestone is missed, then it will mean the candidate cannot move to the next course block and potentially not enter teacher education for the professional course work.

Tennessee State University recognizes that students have diverse learning, life, and professional experiences. The University provides opportunities for students to earn college credit toward the degree through a number of assessment options that evaluate their learning experiences. These paths are grouped under the category "Prior Learning Assessment" (PLA). Various means of earning PLA credit at TSU are the following: Advanced Placement Program, American Council of Education (ACE) Military Credit, College Level Exam Program (CLEP), DSST Credit by Examination Program (includes DANTES Examination), Institutional Course Challenge Exams (Departmental Exams), International Baccalaureate Credit, Other Military Service, Portfolio Assessment. To learn more about PLA contact your academic advisor or the Office of Student Support Services for Adult and Distance Learners at (615) 963-7001 or adultstudentsupport@tnstate.edu.
